- Manual Transmission
- Two-speed Rear Axle
- 1-Ton Truck
- Truck and Chipper
- Bucket Truck
- 2-Ton Truck

Ability to Perform Essential Functions of the Job: All positions are physically demanding. Entry-level employees in these positions are expected, within a reasonable time after they commence employment, to be able to do tree work. This work included climbing trees and removing limbs using various hand and power tools on a continuous basis during and eight to ten hour shift: removing and disposing of tree limbs using various mechanized tools, which can require lifting and carrying from 50 to 100 pound loads. Most entry-level employees may also be required to obtain state licenses to apply pesticides and engage in duties that require exposure to various chemicals and pesticides. Are you physically able to safely perform these job duties with or without a reasonable accommodation?

- Yes

- No
